

Free medical camp organised

Ludhiana: A free medical camp was organised by a team of doctors from DMCH and Hero Heart DMC at Rupalon village near Doraha.

Krishna Breast Cancer Care Charitable Trust, Ludhiana, was also one of the sponsors of the camp. Various patients were thoroughly examined and referred for further treatment in some cases. Meanwhile, free medicines were also distributed. The camp was held following requests from various sarpanches from the nearby villages that medical camps should be held in these villages at a regular basis.
